hickstro	7:02 PM	Hope to start by multitasking. Plz watch @joelmalley 's, "Writing in a Digital Age", and tweet while viewing: http://bit.ly/foNoeV #engchat
hickstro	7:03 PM	@joelmalley "Writing is the foundation. Storytelling is the basis for everything." #engchat
cakeypal	7:04 PM	love the idea of teaching writing in a digital writing workshop #engchat
gmfunk	7:04 PM	@hickstro Thanks for hosting #engchat. My big question is how to promote authentic conversation on ning collaboration w/ two schools.
clix	7:04 PM	*sigh* Shiny. I'm jealous. :( #engchat
CBethM	7:04 PM	@hickstro So grateful that you could join us here at #engchat tonight. Loved your post this weekend introducing the topic!
clix	7:05 PM	Writing is open and public - they read each others' work. It makes me wonder how that affects what they write. #engchat
gmfunk	7:06 PM	RT @clix: Writing is open and public - they read each others' work. It makes me wonder how that affects what they write. #engchat
hickstro	7:06 PM	@clix True, shiny, I agree. Yet I also think there are some ideas in there that transcend the tech. What else do you hear/see? #engchat
skajder	7:07 PM	Is writing different now - or is it that the expanded toolkit allows us to get closer to what we've always valued as writing tchrs? #engchat
cakeypal	7:07 PM	the idea of collaboration is key to digital writing, I think, both in terms of audience and group work #engchat
blkdrama	7:07 PM	RT @hickstro: @joelmalley "Writing is the foundation. Storytelling is the basis for everything." #engchat
padgets	7:07 PM	#engchat what program do you use in the digital workshop?
chadsansing	7:08 PM	#engchat in what ways are we using tech to compose in & about new media? any code-writing workshops? is programming English?
donalynbooks	7:08 PM	RT @cakeypal: the idea of collaboration is key to digital writing, I think, both in terms of audience and group work #engchat
CBethM	7:08 PM	@clix When writing is open and public, it makes them think about their audience, it makes them intentional about what they write. #engchat
clix	7:08 PM	@hickstro Visual meaning, use of color, sound, etc. #engchat
clix	7:08 PM	@hickstro Well, the writing becomes not just verbal but visual. I like that - I wish we could study film in ELA as part of lit. #engchat
hickstro	7:08 PM	@clix #engchat In what ways does making writing "open and public" make you, as a writer, change your voice? Your approach to a writing task?
chadsansing	7:09 PM	#engchat how does the iterative creative process of a writers workshop interplay w/ drafting/scripting an app or game?
Edu_Traveler	7:09 PM	@hickstro @joelmalley It seems many Eng teachers are tech phobicsuggestions for first step to getting to this point? #engchat
clix	7:09 PM	@CBethM @hickstro But perhaps also (ironically?) LESS open. I feel freer to say what I truly want to say cuz I'm pseudonymous. #engchat
donalynbooks	7:09 PM	RT @hickstro: Hope to start by multitasking. Plz watch @joelmalley 's, "Writing in a Digital Age", and tweet while viewing: http://bit.ly/foNoeV #engchat
hickstro	7:09 PM	@padgets #engchat I think that the question of what programs we use is a good one. I don't have one particular, but rely on wikis the most.
MrChase	7:10 PM	@hickstro @joemalley 's is a tech-rich enviro. What abt the maj of classrooms without access to such tools? What's the minimum? #engchat
mrami2	7:10 PM	Does the student see herself differently in terms of being a writer? #engchat
clix	7:10 PM	Digital writing often seems much more like a conversation. #engchat
briancroxall	7:10 PM	@chadsansing I don't think that programming is English. (Or are you asking whether it should be taught in English classes?). #engchat
MissShuganah	7:10 PM	@chadsansing Programming doesn't seem like English to me, but closer to English than law. #engchat
hickstro	7:10 PM	@cakeypal #engchat Can you talk more about audience (both inside and outside school)? How are things different? Better? Simply changed?
CBethM	7:11 PM	@clix (I know - saw your post about anonymity on ECN!) Open as in free? That's relative. You need to know when & where you can post #engchat
clix	7:11 PM	Lots of choices - audio, transitions, balance - I wonder how much "flash" students put into their assignments just cuz it's there. #engchat
OIIA	, . <u></u>	200 of choices addis, durisitions, salarice i worder now mach mash stadents par me distributions just eaz it s there, we regular

hickstro	7:11 PM	@clix #engchat Visual, for sure. Film study offers a great deal. So does study of design. Edward Tufte is a resource: http://bit.ly/MTIr1
skajder	7:11 PM	@chadsansing Prensky might argue yes - that programming = composing. I disagree - programming is locked in function and output. #engchat
padgets	7:11 PM	#engchat like in my science class we use google apps, an a variety of animation software, digital storytelling and so on
cakeypal	7:11 PM	my students checked out each other's wikis and were inspired by each other's workeven tho I didn't ask them to. #engchat
clix	7:12 PM	@CBethM Open as in forthright, I think, is the most precise I can put it :) #engchat
chadsansing	7:12 PM	@skajder #engchat doesn't writing have input & output? also, can't product of programming (eg. a game) be read differently by diff ppl?
CBethM	7:12 PM	@skajder @chadsansing I think that programming is another feature of digital writing though. Presentation is something to consider. #engchat
skajder	7:12 PM	@MrChase That is why I tend to go back to thinking about what we've always valued in workshop - thinking of "lower-case" digital. #engchat
amieerickson1	7:12 PM	@clix @CBethM @hickstro Interesting ?. A lot of writing that once was private (journaling, etc) is now part of social performance #engchat
Edu_Traveler	7:12 PM	@hickstro @cakeypal It seems authentic and more collaborative. So important for especially disconnected youth #engchat
cakeypal	7:12 PM	online writing means there is an actual audience beyond the teacher #engchat
hickstro	7:13 PM	@Edu_Traveler #engchat Also, encouraging teachers to just play. We are so afraid of making mistakes, especially in front of students.
MrChase	7:13 PM	I define writing much in the same way. I worry, though, that it begs the question, "What's not writing?" #engchat
amieerickson1	7:13 PM	@skajder @chadsansing Husband is a programmer. I disagree too. Some art to it, and can>communication but not necessarily. #engchat
chadsansing	7:13 PM	@briancroxall #engchat i could see info texts becoming reference apps
PaulWHankins	7:13 PM	RT @cakeypal: online writing means there is an actual audience beyond the teacher #engchat
hickstro	7:13 PM	@Edu_Traveler #engchat Start with what they are familiar with. Moving from Word to Google Docs is a first step, and introduces collaboration
padgets	7:13 PM	#engchat what about blogs?
cakeypal	7:13 PM	@Edu_Traveler good point. digital writing creates connections #engchat
briancroxall	7:13 PM	@chadsansing But I don't think that the programming language is English. #engchat
hickstro	7:14 PM	@Edu_Traveler #engchat Have each person demo a new tool, with links to some examples that they have found (or created!) each week.
hickstro	7:14 PM	@Edu_Traveler #engchat Allowing us all time to simply play, collaborate, and learn. Set aside "tech Tuesdays" or some other time each week.
Edu_Traveler	7:14 PM	@MrChase @hickstro @joemalley Yeshow do I support a teacher wanting to do this but doesn't have the technology handy. #engchat
mrami2	7:14 PM	Who gets to see what your students write/create? Who is the audience? #engchat
ketheredge	7:15 PM	@hickstro @Edu_Traveler #engchat u don't have to move from word to google docs anymore 2 collaborate - checkout www.skydrive.com
cakeypal	7:15 PM	@hickstro play does seem crucial. lower the risks/affective filter related to technology to help teachers engage with it. #engchat
CBethM	7:15 PM	@amieerickson1 That is a good point. Does performance change what we decide to write - our true perspective? I don't know. #engchat
chadsansing	7:15 PM	@amieerickson1 @skajder i see a lot of intentional design & argument about use, purpose, in a lot of programming #engchat
nowviskie	7:15 PM	@chadsansing Are you familiar with Critical Code Studies? http://is.gd/k2Y8Z #engchat
clix	7:15 PM	Does it work if the only access to this tech is in the classroom? what limits does that create? #engchat
PaulWHankins	7:16 PM	@clix I remember borrowing my neighbor's typewriter (I had to buy my own ribbon) in a time when many did not own one. But now? #engchat
clix	7:16 PM	Even in non-digital writing class, students can share their work with the class; work can be collected & shared. #engchat
hickstro	7:16 PM	@clix #engchat Using pseudonyms - in what way can we teach students about developing online identity(ies)? Connect to teaching writing/lit?
padgets	7:16 PM	#engchat when I did not have computers, I used a notebook for each child to do daily entries and I supplied the topic
hickstro	7:17 PM	@MrChase #engchat Agreed, many don't have access. What are critical digital writing skills? What are the important academic dispositions?
amieerickson1	7:17 PM	@chadsansing @skajder But you see those conversations in other areas designing a room/building a bridge. Those aren't English. #engchat
skajder	7:17 PM	@chadsansing I like thinking of programming as a tool for helping kids see what they do well but as a tool leading them to write. #engchat
clix	7:17 PM	@hickstro hm connection w/female authors who wrote under male names, perhaps? #engchat
chadsansing	7:17 PM	@amieerickson1 @skajder depends on the creator's native language, i would think; the naming of things goes into design #engchat
hickstro	7:18 PM	@MrChase #engchat When and how do we practice that offline, and how can we talk w/ students about how best to do it when they do get online?
PaulWHankins	7:18 PM	@clix And by immediacy I mean, I either have to have it now, or I can immediately claim a lack of resources as a hindrance. #engchat
cybraryman1	7:18 PM	RT @hickstro: @MrChase #engchat I think that it is imperative that students know how to offer substantive comments to each other's work.
amieerickson1	7:18 PM	@CBethM I think that a lot of adolescents are used to the performativity of places like facebook, and I think it might. #engchat
hickstro	7:18 PM	@MrChase #engchat For instance, I think that it is imperative that students know how to offer substantive comments to each other's work.

chadsansing 7:18 PM @amieerickson1 @skajder wld programming be more at home in a language arts clssrm than an English one? as a multi-genre	
clix 7:19 PM @PaulWHankins well, if u don't have resources now, that's a now-hindrance. Maybe it won't be later, but right now it is - isn't	. IL. HEUBCHAL
gmfunk 7:19 PM RT @PaulWHankins: @clix I guess my friendly point is I had to go outside of myself to get the resource I needed. Our culture o	_
skajder 7:19 PM @chadsansing Perhaps. I'm thinking ala Penny Kittle - focusing on the writer and not the writing. Programming could start that	·
jackzangerle 7:19 PM An exciting aspect of new digital writing is that the devices that are already in kids lives can be leveraged as creation tools. #er	_
hickstro 7:19 PM @MrChase #engchat What other critical skills do you see as a part of being digitally literate, even with limited access?	Boac
nowviskie 7:19 PM @chadsansing @briancroxall @jcmeloni Or, not #edchat. I meant #engchat. Critical Code Studies sounds relevant to #engchat	t tonight.
cakeypal 7:19 PM Critical digital writing skills: collaboration, recursion, creation of narrative stance, publication. #engchat	
joelmalley 7:20 PM @Edu Traveler @hickstro Must put five year old to bed. Will answer in a minute:) #engchat	
hickstro 7:20 PM @ketheredge #engchat True, lots of spaces to share docs online. This is new to me does it offer real time collaboration?	
amieerickson1 7:20 PM @chadsansing @skajder Will give you that. Had students design smartboard games in LA. Program. would just throw that back	k a level.#engchat
PaulWHankins 7:20 PM @hickstro This is why I like #NWP's Bless, Press, or Address invitation to commenting on others' work. Helps communication/r	-
hickstro 7:21 PM @clix #engchat Good connection bringing a feminist perspective. I am sure that there are other perspectives to consider, too.	=
cakeypal 7:21 PM Perhaps another skill to practice without technology: understanding new genres #engchat	
amieerickson1 7:21 PM @hickstro @MrChase For me, critical thinking and evaluation of sources go a long way. Not sure on the production end. #eng	gchat
BeckyFisher73 7:21 PM @skajder @chadsansing Butting in herethere is grammar and syntax in programminghelped me understand English rules.	
CBethM 7:21 PM @amieerickson1 Teens are prone to considering the reactions & desiring the acceptance of peers. Good way to consider audie	
skajder 7:22 PM @chadsansing @BeckyFisher73 Here is another rub How does revision of code inform revision of writing? #engchat	
cybraryman1 7:22 PM My Collaboration page: http://bit.ly/agvtfE #engchat	
chadsansing 7:23 PM @skajder @beckyfisher73 not just of code, but of results; feedback on a game or app is feedback on what the code lets user ro	ead/do #engchat
skajder 7:23 PM Agreed. RT @chadsansing: @gmfunk @amieerickson1 @skajder my use of programming here: writing code to create an app of	or game #engchat
amieerickson1 7:23 PM @CBethM I agree. I do have some concern that pers. writing for sorting out own thinking and feelings w/ self as aud. may get	lost. #engchat
MrChase 7:23 PM @hickstro Agrd on the comts. Do those comments need to be part of stdts dig footprint? Are practices part of a team's record	l? #engchat
brianbaron13 7:23 PM Digital literacy seems another place that scholastic journalism can be useful revision, publication, editing, ownership. #engcl	hat
chadsansing 7:23 PM @gmfunk @amieerickson1 @skajder my use of programming here: writing code to create an app or game #engchat	
clix 7:23 PM @hickstro Possibly, though I don't think race or class is *quite* as obvious in a name. #engchat	
gmfunk 7:24 PM @skajder @chadsansing @amieerickson1 Then I think programming goes beyond what we should do in an English class #engc	chat
clix 7:24 PM RT @amieerickson1I do have some concern that pers. writing for sorting out own thinking and feelings w/ self as aud. may get	t lost. #engchat
padgets 7:24 PM #engchat there are so many choices for students to express themselves, I gave my students 29 of them today for a project	
hickstro 7:24 PM @PaulWHankins #engchat Yes, read more about #nwp response model: http://bit.ly/gm1MYK Also, guides from Youth Voices:	: http://bit.ly/addbGw
leslie_salley 7:24 PM @hickstro @ketheredge Maybe it doesn't provide in real time, but is that the goal? Sometimes having a break helps the writer	r. #engchat
hickstro 7:25 PM @amieerickson1 #engchat Evaluation of sources is critical, as is the opp to produce for an audience and consider those question	ons, too.
MrChase 7:25 PM @hickstro I feel like text messaging is part of the answer for low-saturation schools. I need to play with that more, though. #er	ngchat
clix 7:25 PM @amieerickson1 I think there is a place for that, too; must be careful not to crowd it out. #engchat	
amieerickson1 7:25 PM @chadsansing @gmfunk @skajder Could see this framed as publishing part of proc. Would it be taught in English or interdiscip	plinary? #engchat
CBethM 7:25 PM @amieerickson1 I'm not sure that a digital forum would be the place for that because it is public. Give them a notebook for the	nat. #engchat
Edu_Traveler 7:26 PM @jackzangerle Yes, I think using the students' own devices is where to start for a school w/ limited tech but it it feasible in #en	-
gmfunk 7:26 PM @chadsansing @skajder @beckyfisher73 Feedback on game or app is a form of review, similar to reviewing a movie or a book	k. I like it #engchat
tkraz 7:27 PM @MrChase @hickstro I would like to find some "deep practice" apps (or use of apps) for building writing strength. #engchat	
amieerickson1 7:27 PM @gmfunk @skajder @chadsansing I agree. As an interdisciplinary project though between depts it could be awesome! #engo	chat
joelmalley 7:27 PM @Edu_Travelerand they will only see the value in it if they are in a position to use it for themselves. #engchat	
leslie_salley 7:27 PM @padgets Did they seem overwhelmed? Mine freak with too many options sometimes. #engchat	
chadsansing 7:27 PM @skajder @chadsansing @amieerickson1 #engchat are multi-genre pieces like movies/comics outside scope? is Eng not interc	disciplinary?
MrChase 7:27 PM @amieerickson1 And to me, that looks like literacy, not digital literacy. Do you see a difference? #engchat	

amieerickson1	7:27 PM	@CBethM @clix I agree with both of you. I do think with blogging the line is blurry, in terms of where kids see that as approp #engchat
joelmalley	7:27 PM	@Edu_Traveler I think it is impossible to convince tech phobic teachers of anything unless they see the value in it#engchat
hickstro	7:27 PM	@MrChase #engchat There is a balance between making all writing public, I feel, and keeping some a part of it in private discourse, too.
gmfunk	7:28 PM	@chadsansing @skajder @amieerickson1   assigned multigenre research project today to seniors. #engchat
chadsansing	7:28 PM	@gmfunk @skajder @beckyfisher73 #engchat moreover, safe publication & feedback from player forums is like peer feedback
joelmalley	7:28 PM	@edu_traveler And the technology is made readily available. If tech phobe teachers don't use, then it is "just one more thing" #engchat
hickstro	7:28 PM	#engchat Catching up on tweets here while I am doing that, can anyone share some examples of assignments/student work from this year?
clix	7:28 PM	@amieerickson1 @CBethM well, you can have writing that is both personal & public, which is slightly diff from personal & private. #engchat
Edu_Traveler	7:28 PM	@MrChase @hickstro That's my question. Can using a PDA give you a true writing experience? #engchat
cakeypal	7:29 PM	@gmfunk does this include digital genres? Which did you suggest? #engchat
amieerickson1	7:29 PM	@MrChase Y and N. I teach dev. readers at a CC, and many have never applied those skills to web content. #engchat
Edu_Traveler	7:29 PM	@joelmalley True. I just hate to see disconnected students b/c the teacher can't connect #engchat
chadsansing	7:30 PM	@gmfunk @skajder @amieerickson1 #engchat i love multi-genre wrk; i wld encourage a stdnt programmer to try it & teach me process, challenges
amieerickson1	7:30 PM	@gmfunk @chadsansing @skajder Could you see a tech product being one of those genres? #engchat
joelmalley	7:30 PM	#engchat Student short profile/documentary about his skateboarding buddy. First full project in Mass Media http://vimeo.com/16996993
MrChase	7:30 PM	@hickstro Agreed. Also, I'd like to talk abt the fact that the web is offering up much higher-qual srces than when I was in schl. #engchat
amieerickson1	7:31 PM	@chadsansing @skajder For me, movies and comics are fair game. #engchat
CBethM	7:31 PM	@amieerickson1 We have an obligation to teach students where that line is - what sorts of information shouldn't be posted. #engchat
gmfunk	7:31 PM	@Edu_Traveler @joelmalley Working conditions not always conducive to connecting. Community culture influences ability to connect.#engchat
hickstro	7:31 PM	@tkraz #engchat By "deep practice" do you mean opportunities for fluency in writing? Or, are you referring to something else?
amieerickson1	7:31 PM	@clix @CBethM Great distinction! #engchat
tkraz	7:31 PM	keep in mind with tech - the assignment needs to be engaging even when the tech tool excitement wears off. #engchat
MrChase	7:32 PM	@joelmalley #engchat Your kids are doing some tremendous work. Thanks for all you do.
skajder	7:32 PM	@amieerickson1 @chadsansing I'd think less in terms of "tech product" and more in terms of composing where mode and media are open. #engchat
hickstro	7:32 PM	#engchat Interesting point from @Edu_Traveler about the PDA (or any tool or website). I don't think that it is the tool that matters
MrChase	7:32 PM	@edu_traveler What do you qualify as a true writing experience? #engchat #loadedquestion
tkraz	7:32 PM	@hickstro fluency in a part of writing, i.e. making a strong statement, supporting an argument with an example, etc. #engchat
denabud	7:32 PM	RT @hickstro: Hope to start by multitasking. Plz watch @joelmalley 's, "Writing in a Digital Age", and tweet while viewing: http://bit.ly/foNoeV #engchat
denise_hinson	7:32 PM	I'm embarking on a digi adv with pre-service tchers this semester using Troy's bk. I hope introducing them early will help #engchat
MrChase	7:32 PM	@amieerickson1 That makes a ton of sense. Do you start dig and then include analog or the other way around? #engchat
PaulWHankins	7:32 PM	RT @tkraz: keep in mind with tech - the assignment needs to be engaging even when the tech tool excitement wears off. #engchat
chadsansing	7:32 PM	@gmfunk @chadsansing @skajder #engchat yes & stdnt program interests me even > than stdnt-owned blog, which posts via someone else's program
amieerickson1	7:33 PM	@CBethM Taking an active role in choosing privacy level seems to be imp. part of being digitally lit, to connect to the other conv. #engchat
hickstro	7:33 PM	#engchat nearly as much as the experience. Is the writer being engaged in conversation about the writing task? Getting appro. response?
clix	7:33 PM	@CBethM @amieerickson1 Is that our responsibility? to TEACH them that? maybe it depends on level (I'm HS) #engchat
geceosan	7:33 PM	RT @tkraz: keep in mind with tech - the assignment needs to be engaging even when the tech tool excitement wears off. #engchat
hickstro	7:34 PM	#engchat as the teacher, the experience that the writer is engaged in, and the kinds of response that they are offering/being offered?
skajder	7:34 PM	Thinking about twitter. How does this work as a writing/learning space to support workshop? #engchat
chadsansing	7:34 PM	@amieerickson1 @skajder code is not too diff 4 me than asking stdnt 2 learn "code" w/ comics (e.g. Scott McCloud's comics work) #engchat
hickstro	7:34 PM	#engchat So, there is an underlying question here about the tools vs. the experience. I don't think that the tool matters nearly as much
CBethM	7:34 PM	@amieerickson1 Even FB posts can be used against us. Just saw piece about this. Turned out ok, but WHOA! http://bit.ly/eH2f3T #engchat
skajder	7:34 PM	@denise_hinson I think that it absolutely puts the conversation in a new starting place. Are you blogging about your learning? #engchat
MrChase	7:34 PM	@hickstro #engchat Here's an example from something new we're trying this year. http://autodizactic.com/blog/?p=584
jbhanlon	7:34 PM	@gmfunk Im looking to take my sr research paper& turn it into multigenre prjct. Its competency for grad now &needs help. Wanna share?#engchat

Edu_Traveler	7:35 PM	@MrChase I'm thinking. length/ communication. Maybe I'm old but it seems difficult to write a story+ get feedback on a Blackberry #engchat
CBethM	7:35 PM	@clix @amieerickson1 Shouldn't we be part of that discussion? To teach them what should be shared & shouldn't? I teach HS, too. #engchat
hickstro	7:35 PM	#engchat In that sense, it doesn't matter if it is a handwritten essay, a digital story, or a response to a blog post. What is the context?
amieerickson1	7:35 PM	@clix @CBethM I think it speaks to audience EX: What's the best audience for this piece? What are potential concerns? #engchat
clix	7:36 PM	@CBethM @amieerickson1 At what point do we start crossing the line from teaching to parenting tho? #engchat
amieerickson1	7:36 PM	@CBethM That FB article is a WOAH. Will read whole thing later. #engchat
chadsansing	7:36 PM	@skajder @amieerickson1i agree; writing process is creative process is design process; communication is turtles all the way down #engchat
CBethM	7:36 PM	@clix @amieerickson1 There can be some pretty massive consequences to posting online that our students don't consider. #engchat
hickstro	7:36 PM	@tkraz #engchat Part of what I do is look at models, sometimes even copying and pasting them. Dissecting and discussing them. Don't know
cybraryman1	7:36 PM	@tkraz Apps for English Teachers and other educational apps on My Ed Apps page: http://bit.ly/hj1QNy #engchat
MrChase	7:36 PM	@hickstro #engchat I'm in definite agreement with you.

poh	7:36 PM	@chadsansing @gmfunk @skajder I agree re: power of prog. But aren't we all living as "tenant farmers" when we write to SM? #engchat
cakeypal	7:36 PM	@MrChase Thanks for sharing your link #engchat
ketheredge	7:36 PM	@hickstro #engchat my students imitated Dante's style & created a new circle in the Inferno based on 21st century sins
MrChase	7:37 PM	@joelmalley #engchat What work isn't a work in progress? ;-)
hickstro	7:37 PM	@tkraz #engchat Have them use Diigo to bookmark sites, Zotero to make citations, Google Docs to collaborate and respond. That's one idea.
skajder	7:37 PM	Has to be! RT @CBethM: Shouldn't we be part of that discussion? To teach them what should be shared & shouldn't? #engchat
amieerickson1	7:37 PM	@chadsansing @skajder @amieerickson1 Turtles all the way down like your phrasing. #engchat
MrChase	7:37 PM	@hickstro #engchat For those with limited access, what could you do with SMS, a google voice acct and an overhead projector to host a wkshp?
CBethM	7:37 PM	@clix @amieerickson1 They forget how big their audience can be & how hard it is to unring the bell of digital writing. #engchat
clix	7:37 PM	PSA: Online = Public. Any questions? ;) #engchat
ketheredge	7:37 PM	@hickstro students will also create a facebook page for Gregor right before his Metamorphosis #engchat
hickstro	7:37 PM	@tkraz #engchat know that any program can do that for you, despite what the textbook companies and automated graders might have us think
MrChase	7:38 PM	@edu_traveler #engchat What if the BB is just a terminal or part of the process?
CBethM	7:38 PM	@clix @amieerickson1 But how many parents know? I'd like to think they're all having that convo, but does it hurt to have it again? #engchat
amieerickson1	7:38 PM	@CBethM @clix It's part of really knowing the medium you're publishing your text in, who the audience is, what your real purpose is. #engchat
chadsansing	7:38 PM	@poh @gmfunk @skajder yes; this Rushkoff SXSW video http://youtu.be/imV3pPIUy1k helped bring me look at programming as composing #engchat
amieerickson1	7:39 PM	@clix @CBethM I think that's a good ?, Clix, but I also feel like it's an intrinsic part of understanding the use of digital media.#engchat
clix	7:39 PM	@CBethM @amieerickson1 "They forget how big audience can be" < how do ppl forget that 'net is public? or not know? don't get it. #engchat
MrChase	7:39 PM	#engchat Can anyone point me to research on the internal reflection present in the slower process of hand writing?
hickstro	7:39 PM	@MrChase #engchat Sounds like you might have some ideas on all that. ;-) How about using them to offer brief, focused response to a text.
CBethM	7:39 PM	@amieerickson1   knew you would appreciate it.   will be sharing it with my students soon. Frightening. They just don't think. #engchat
jbhanlon	7:39 PM	@skajder this could be instant peer feedback or a great place for brainstorming and troubleshooting. Not accessible at my school: (#engchat
CBethM	7:40 PM	@clix BUT our students don't remember a time when they didn't have the 'net. They really think that only their friends are looking. #engchat
hickstro	7:40 PM	@chadsansing #engchat Interesting questions about programming and gaming. The literacies involved sometimes overlap what we do in English
CBethM	7:40 PM	@amieerickson1 Back to your point about audiencealso need to think about purpose. Why am I posting THIS? What's the point? #engchat
clix	7:41 PM	@CBethM @amieerickson1 or don't care? #engchat
chadsansing	7:41 PM	#engchat …or is there a better balance between workshop & authenticity using real-world tools?
amieerickson1	7:41 PM	@CBethM Exactly. #engchat
CBethM	7:41 PM	@clix Some students got really perturbed a couple of years ago when we looked at their OPEN PUBLIC Myspace pages during inservice. #engchat
hickstro	7:41 PM	@chadsansing #engchat Sometimes, I think that they don't. I can see inviting students to script a game as an alt. to writing a short story.
MrChase	7:41 PM	@ketheredge #engchat That sounds fascinating. Do you have a link to share?
Edu_Traveler	7:41 PM	@MrChase True. Could be used for revision and feedback. A first step. #engchat

chadsansing	7:41 PM	#engchat who knows enough about Wordpress themes or has an in w/ @Edmodo or @pblhq to create a writers workshop skin 4 an existing platformâ €
poh	7:41 PM	@mrchase #engchat do you know that research exists?
amieerickson1	7:41 PM	@CBethM @clix For me there's a difference between dictating parameters and fostering informed choice (depending on age of student!) #engchat
clix	7:41 PM	@CBethM @amieerickson1 "What's the point?" *g* sometimes I wonder that myself. #engchat
CBethM	7:42 PM	@clix Sometimes I wonder about the point, too. :) Then I get a response from someone else & I remember. :) It's the dialogue, baby. #engchat
Edu_Traveler	7:42 PM	@CBethM @amieerickson1 Audience is important. Teaching this makes students think about what they post on other sites as well #engchat
hickstro	7:42 PM	#engchat So many great questions.! Wondering now where are you going next? What are you asking students to do with their writing?
amieerickson1	7:42 PM	@CBethM @clix Just wait! Upcoming generation is living online from ultrasounds forward. :) #engchat
hickstro	7:43 PM	@gmfunk #engchat Check out @zotero for more but main idea is that it is a browser plugin, lots of flexibility for notetaking, saving refs
clix	7:43 PM	@amieerickson1 @CBethM I srsly just don't get it. FB is like Wal-Mart. Just bc you only talk to 1 person doesn't mean it's private. #engchat
amieerickson1	7:43 PM	@hickstro @chadsansing I've done this. More traditional English prep toward a more nontraditional product. #engchat
MrChase	7:43 PM	@poh #engchat I don't, but I know it should.
BeckyFisher73	7:43 PM	@chadsansing @skajder IHow is developing specifications for a program like planning for writing? Beginning/middle/end-think #engchat
chadsansing	7:43 PM	@hickstro #engchat i can see info apps replacing inquiry reports, games as re-tellings - even text-based ones like http://bit.ly/cbQbLI
amieerickson1	7:44 PM	@chadsansing @hickstro Info apps would still be very text-rich though, no? So the programming is to implement a prod. full of text? #engchat
BeckyFisher73	7:44 PM	@chadsansing @gmfunk @skajder Interesting to think about "programming" a choose your own adventure storybranching logic, etc #engchat
CBethM	7:44 PM	@amieerickson1 Like my son. I don't think he could imagine life w/o internet. :) He's 5. #engchat
chadsansing	7:44 PM	@BeckyFisher73 @skajder i wld have purpose in writing both; i cld web both; there is little difference in process in my mind #engchat
clix	7:44 PM	@CBethM yay dialogue! #engchat
amieerickson1	7:45 PM	@CBethM @clix And I think we can agree that online writing is wonderful for hammering home that essential part of communication! #engchat
poh	7:45 PM	@mrchase Just playing devil's advocate, and out of curiosity. What makes writing by hand more reflective, in your opinion? #engchat
amieerickson1	7:45 PM	@Edu_Traveler @CBethM Would be great to do a demo with google analytics on a classroom site. Map who is really reading! #engchat
bethilene	7:45 PM	anyone have experience with storytubes? http://www.storytubes.info/drupal/ #engchat #edtech
amieerickson1	7:46 PM	@poh @mrchase Great question! I could see that being true just for reasons of relative speed. #engchat
tkraz	7:46 PM	@hickstro that is SEVERAL good ideas. Thanks! #engchat
CBethM	7:46 PM	@chadsansing I love the info apps concept. Have students who would very much respond to this option. #engchat
MrChase	7:46 PM	#engchat While many teachers see a difference or differentiation between digital and analog media, do students?
clix	7:46 PM	ok q for group: how do you incorporate tech w/o reliable class access & mixed bag of tech @home? is it worth nagging admin? why/not #engchat
chadsansing	7:46 PM	@amieerickson1 @hickstro …i'm a few years from being able to facilitate what i see w/ sophistication of writerly writers wrkshp #engchat
cybraryman1	7:46 PM	My Notetaking page: http://bit.ly/99m7Y5 #engchat
hickstro	7:46 PM	@amieerickson1 @chadsansing #engchat I think getting students to understand how internet works. RSS. XML. Apps. How does content get to you?
MrChase	7:47 PM	@poh #engchat It's slower and gives that extra moment of internal processing before putting word to paper. #TortoiseAndHare
CBethM	7:47 PM	@amieerickson1 @Edu_Traveler That is an awesome idea! That would really hit home for students. It's not just who they think #engchat
chadsansing	7:47 PM	@BeckyFisher73 @gmfunk @skajder we "programmed" choose your own adventure w/ PPT yrs ago out West in my div ;) #engchat
Edu_Traveler	7:47 PM	@amieerickson1 @CBethM Great ideas! I'm taking notes #engchat
hickstro	7:47 PM	@bethilene #engchat Nope, haven't heard of it yet. Are you participating?
poh	7:48 PM	I'm curious about question of public/private. How do you feel about making your writing public alongside that of your sdts? #engchat
gmfunk	7:48 PM	@poh @mrchase @engcomp had a blog recently saying that sitting at the computer is "just typing" and that the "writing" comes before.#engchat
clix	7:48 PM	@chadsansing I've seen it done in html used to LOVE cyoa books when a kid! #engchat
bethilene	7:48 PM	@hickstro was thinking of offering it up to my middle schoolers to see if i can get a few to participate. haven't fully decided. #engchat
hickstro	7:48 PM	@tkraz #engchat Thnx. For more on my thoughts on revising the research process, check this blog post: http://bit.ly/e0jw4Y
hickstro	7:49 PM	@chadsansing #engchat How about using a wiki to create a collaborative choose your own adventure: http://bit.ly/hpj4cW
amieerickson1	7:49 PM	@CBethM @Edu_Traveler I can just picture their comments! Great if you're proud of your piece. Bad if you overshare or don't revise! #engchat
